**"I will not vote for or support any candidate for Congress or President who does not make a speedy end to the war in Iraq, and preventing any future war of aggression, a public position in his or her campaign."**

Polls show that **70%** of the US public (85% of progressives, and 55% of conservatives) now feel that the occupation of Iraq is a failure with unacceptable financial and human costs. VotersForPeace seeks to organize anti-war voters into an effective political force that candidates cannot ignore.
