YES WE CAN...END IRAQ WAR, REBUILD AMERICA!

A FORUM FOR PEACE, JUSTICE & JOBS

March 19 marks six years of the Iraq war that has taken nearly 5,000 GI's lives and countless Iraqi lives. Another 17,000 American soldiers have just been sent to Afghanistan.

Enough! Stop spending lives and tax dollars on endless war. Bring the troops home; use our taxes to create jobs, health care, education.

In his Riverside Church speech April 4, 1967, Dr. Martin Luther King Jr. called for ending the Vietnam war. A year later he died in Memphis marching for union rights. Let us work now to fulfill his vision of peace, jobs, union rights and equality. President Obama says, "Yes we can." And we say "Yes we will!"
